Discover the Secrets of UNISPREAD

Dive into the heart of what makes our chocolate spread truly remarkable – the carefully crafted UNISPREAD plays a vital role in delivering unparalleled taste and texture.

Uniqueness of UNISPREAD

Clean Label: UNISPREAD contains solely vegetable oil, free from any added emulsifiers or stabilizers.

Versatility: UNISPREAD is a versatile ingredient suitable for various applications, including spreads, confectionery fillings, creams, toppings, and dips. Its adaptability makes it a valuable addition to a wide range of recipes.

Compatibility with Nut Oils: UNISPREAD can be confidently used in recipes that include nut oils, expanding its range of applications and possibilities.

Heat Stability Across Temperature Ranges: UNISPREAD maintains the texture and quality of the spread, whether stored in the fridge or left on the countertop.

Exquisite Jar Presentation: Spreads meticulously prepared using UNISPREAD offer an extended shelf life significantly minimizing oil separation, maintaining a consistent texture and appearance over time.

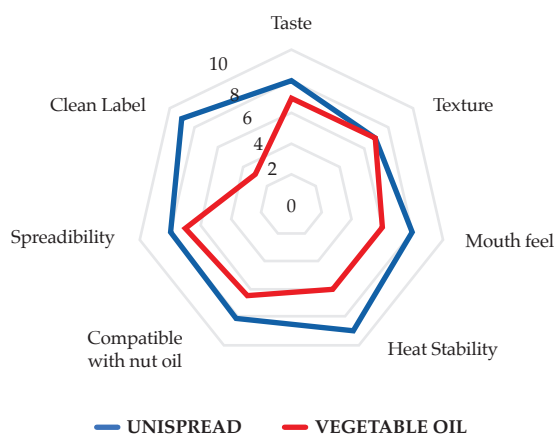

Superb Spreadability and Texture: Enjoy the luxurious, velvety smoothness and creaminess of spread produced with UNISPREAD.

Exceptional Oxidation Stability: UNISPREAD's resistance to oxidation ensures an extended shelf life of your product.

Versatile Applications:

1. **Spread:** Ideal for nut, white, milk, and dark spreads.
2. **Confectionery Fillings:** Perfect for creating delicious confectionery fillings.
3. **Cream:** Adds creamy goodness to baked goods.
4. **Toppings:** Perfect for toppings over your favorite treats.
5. **Dip:** Excellent for use in dip.

Attributes of Spread

Indulge in the luxurious experience of spread, where UNISPREAD plays a vital role in delivering unparalleled taste and texture. Each jar is a testament to our commitment to creating moments of pure delight.
