

More than meets the eye.

NatIng
MASTERS OF NATURE

Made in Italy
Extracts with preclinical studies
Granulated & soluble extracts
Organic & conventional extracts
Spray-dried fruit & vegetable

Quality, innovation and research.

These 3 words best explain our philosophy and what we produce every day:

conventional botanical extracts and extracts with preclinical studies
(tested on diabetes and glycemic index), without maltodextrin.

Granulated, fluid and glyceric botanical extracts.

Organic & conventional botanical extracts,
spray-dried fruit/vegetable for the nutraceutical and food market.

Botanical extracts for celiac and vegans thanks to use of buckwheat as a functional carrier
(tested with university on diabetes and glycemic index).

100% made in Italy extracts and 100% Nating:

full traceability of every single ingredient used in formulation (herb and functional carrier).

A new production site certified
GMP, ISO 9001, ISO 22000, Kosher, Vegan and Organic.
