

Crystalac®

Specially Formulated Glazes

Crystalac®

Robust shellac glaze provides consistent high-quality gloss from pan to package.

- Brilliant long-lasting shine to your polished chocolate and sugar shell panned candies
- Moisture barrier
- Anti-scuff
- Faster drying than regular confectioner's glaze
- Low usage rates

Crystalac I

High quality clear shellac solution which enhances and stabilises the gloss of your chocolate and sugar panned products. It has a fast drying time, excellent improved gloss and is palm free.

Crystalac K

HALAL certified and palm free, Crystalac K enhances and stabilises the gloss of your chocolate and sugar panned products with fast drying times and excellent gloss improvement.

Crystalac ORG

Organic certified glazing agents for chocolate and sugar shell, offering the functional and aesthetical benefits of standard glazes.
