

WITH US
'THE DIFFERENCE IS CLEAR'

Rousselot
Functional Ingredients

OUR STORY

Over 125 years ago, we started producing high quality gelatin for the food and technical industries. It was clear from the start that **gelatin's versatility, safety profile and natural origin** held the key to a world of opportunities for a variety of industries worldwide.

11
STATE-OF-THE-ART
OPERATIONS

Today, we offer an extensive portfolio of **world-class gelatins**. Available globally, our solutions are manufactured with an unwavering commitment to **quality, safety and sustainability**.

OUR MISSION

Our mission is to serve food, pharmaceutical and technical industries worldwide with high quality, safe gelatins, as well as collaborate with our customers to achieve superior end-products.

We believe in **reaching further, together** with you, our customers.

We assure you with:

- Our quality standards
- Our regional teams that help you overcome your technical challenges

- We keep exploring the potential of the gelatin molecule to **innovate**
- We **push the boundaries** of current expectations
- We work on the real **processing and formulation challenges** that you bring to us

OUR PROMISES

OUR TEAM

at all levels, is committed to meet your expectations and standards. A highly passionate group of gelatin experts, we are dedicated to your success.

GELATIN ANSWERS TODAY'S TRENDS

Improves the consumer experience

Is a sustainable ingredient

Makes clean and clear labelling possible

THE RIGHT GELATIN FOR EVERY APPLICATION

✓ 5 PROPERTIES
