The Amazon is a source of life

We are from the Amazon, and our passion is to bring the best of this forest to tables around the world. We were born in this lush region, which is why our goal is to share all the flavor, health, and natural energy it can offer us.

Our journey began more than 30 years ago, on the banks of the Amazon rivers, where we work closely with the riverside communities. Petruz not only offers quality products but also encourages the local economy, generating a direct and positive impact on the lives of those who call the forest home. We are proud to present the fruits of this beautiful ecosystem, combining flavor, health, and sustainability in each product.
