Quality of ingredients

We take pride in delivering the highest quality ingredients to our customers. We understand that the foundation of a superior product lies in the quality of its ingredients. That’s why we go the extra mile to ensure that our customers receive only the very best.

Our fantastic relationships with producers and global manufacturers are at the heart of our success. We know that the source of our ingredients plays a pivotal role in the effectiveness of our products. That’s why we cultivate strong partnerships with those who share our dedication to quality and sustainability. By working closely with them, we ensure that our ingredients are of the highest standards.

Our connections extend beyond the fields to encompass producers who share our passion for excellence. We collaborate with them to transform raw ingredients into the high-quality extracts and powders that make our nutraceuticals stand out. These partnerships not only guarantee top-notch products but also contribute to the economic well-being of the communities we work with. This global network enables us to provide a wide range of nutraceuticals that cater to your unique needs. By prioritising sustainability, we contribute to a healthier environment for future generations.

Testing

Discover the Gold Standard in Nutraceutical Quality Assurance: We are at the pinnacle of excellence – where quality takes centre stage! We don't just meet standards; we redefine them. Here's a glimpse into how we go above and beyond to ensure your safety and deliver unparalleled quality in every ingredient

Rigorous Ingredient Sourcing

Behind every powerful formula lies the foundation of premium ingredients. Our dedicated team selects and sources only the highest quality raw materials, adhering to strict criteria that emphasise purity, potency, and sustainability. We partner with trusted manufacturers who share our commitment to excellence, ensuring that each ingredient meets and exceeds industry standards.

Stringent In-House Testing

Once the ingredients arrive, they undergo a spectrum of product specific testing that leaves no room for compromise. Our industry standard laboratories are fully equipped to conduct a series of comprehensive assessments. From identity confirmation to hygroscopicity analysis, every step is scrutinised to guarantee that what's on the label is exactly what you're getting.

Purity Assurance through Third-Party Verification

To reinforce transparency and credibility, we also collaborate with independent third-party laboratories. These institutions conduct unbiased evaluations, this double-layered approach ensures that our customers can have unwavering confidence in the safety and purity of the products they trust.

Advanced Testing Programme

In our commitment to excellence, we utilise a diligent risk assessment and perform routine analysis on our products including:

- Heavy Metal Screening
- Allergen Testing
- FTIR
- Loss on drying
- Bulk density
- Colourimetry

Documentation

Transparency is key. We have documents available at your fingertips in our customer portal, under our capable wings, you will be able to access:

- Dioxin Statement
- Residual Solvent
- Pesticide Statement
- Specs
- Images
- Solubility videos
- MSDS
- GMO
- TSE
- Non - Irradiation
- Vegan Statements
- Stability Data

Continuous Innovation and Improvement

Quality Assurance is not a one-time commitment; it's a perpetual journey. Our Quality Department is dedicated to staying at the forefront of scientific and regulatory advancements. We continuously refine our testing methodologies, embrace emerging technologies and creating our own validated HPLC-UV method to analyse elastin. We endeavour to elevate our standards and anticipate the evolving needs of our valued clientele. Pure, Potent, and Proven.

Whether it's tried and tested or innovative, we aim to make sure our ingredients fulfil your requirements...

Qualität der Zutaten

Wir wissen, dass die Qualität eines Produkts mit der Qualität der Grundinhaltsstoffe steht und fällt. Deshalb legen wir besonderen Wert darauf, dass unsere Kunden nur beste Inhaltsstoffe erhalten.

Wie schaffen wir das? Durch unsere langjährigen und vertrauensvollen Beziehungen zu Produzenten und globalen Herstellern. Sie sind das Herzstück unseres Erfolgs. Deshalb pflegen wir enge Partnerschaften zu denen, die unser Engagement für erstklassige Qualität teilen. Durch die gute Zusammenarbeit mit ihnen stellen wir sicher, dass unsere Rohstoffe den höchsten Standards entsprechen.

Unsere Verbindungen zu den Produzenten gehen damit über die Fachgebiete allgemein hinaus. Wir arbeiten mit den Herstellern zusammen, um Rohwaren in hochwertige Extrakte und Pulver umzuwandeln, die unsere Produkte schlussendlich qualitativ auszeichnen. Dabei blicken wir über den Tellerrand: Diese Partnerschaften garantieren nicht nur erstklassige Produkte, sondern tragen auch zum wirtschaftlichen Wohlergehen aller bei, mit denen wir zusammenarbeiten. Unser globales Netzwerk ermöglicht es uns, eine breite Palette an Rohstoffen anzubieten, die auf die individuellen Bedürfnisse unserer Kunden zugeschnitten sind. Ganz klar, dass Nachhaltigkeit bei uns einen wichtigen Stellenwert einnimmt. So tragen wir zu einer lebenswerten Welt für zukünftige Generationen bei.

Testen

Eines vorweg: Wir erfüllen nicht nur Standards - wir definieren sie neu. Qualitätssicherung hat bei uns oberste Priorität. So arbeiten wir - ein Blick hinter die Kulissen:

Gründliches Rohstoff-Sourcing

Hinter jeder herausragenden Rezeptur stehen erstklassige Inhaltsstoffe als Grundlage. Unser engagiertes Team beschafft nur die besten Rohstoffe und hält sich dabei an strenge Kriterien, bei denen Reinheit, Gehalt von definierten Inhaltsstoffen und Nachhaltigkeit im Vordergrund stehen. Wir arbeiten mit zuverlässigen Herstellern, die unser Engagement teilen und sicherstellen, dass jeder Rohstoff die Industriestandards erfüllt bzw. übertrifft.

Strenge interne Tests

Sobald die Zutaten eingetroffen sind, werden diese einer Reihe von Stichproben-tests unterzogen. Unsere Labore arbeiten nach Industriestandards und sind vollständig ausgestattet, um umfassende Analysen durchführen zu können. Von der Identitätsbestimmung bis hin zur Hygroskopizitätsmessung werden Analysen durchgeführt, um garantieren zu können, dass unsere Kunden die Ware erhalten, die auf dem Etikett angegeben ist.

Reinheitsanalyse durch Prüfung von Dritten

Um Transparenz und die Glaubwürdigkeit zu stärken, arbeiten wir mit unabhängigen Laboren zusammen. Diese Institutionen führen Analysen und neutrale Bewertungen durch. Diese Vorgehensweise unterstützt die Sicherheit und die Reinheit unserer Rohstoffe und unterstreicht damit das Vertrauen unserer Kunden..

Erweitertes Testprogramm

Folgende Routineanalysen führen wir durch, um eine sorgfältige Risikobewertung ermöglichen zu können:

- Schwermetall-Screening
- Trocknungsverlust
- Allergentest
- Schüttdichte
- FTIR
- Farbmeterik

Dokumentation

Transparenz ist der Schlüssel. In unserem Kundenportal stehen Ihnen Dokumente zur Verfügung. Kunden haben dort Zugriff auf :

- Dioxin-Statement
- Sicherheitsdatenblatt/ MSDS
- Lösungsmittel Statement
- GVO Statement
- Pestizid Statement
- TSE Statement
- Spezifikationen
- Statement zu Nicht-Bestrahlung
- Bilder zu Rohstoffen
- Vegane Statement
- Videos zur Löslichkeit
- Stabilitätsdaten

Kontinuierliche Innovation und Verbesserung

Wir betrachten Qualitätssicherung als eine "Reise" - sie entwickelt sich kontinuierlich weiter. Unsere Qualitätsabteilung ist bestrebt, bei wissenschaftlichen und regulatorischen Änderungen immer auf dem neuesten Stand zu sein. Wir verbessern regelmäßig unsere Testmethoden, nutzen neue Technologien und entwickeln unsere eigene validierte HPLC-UV-Methode zur Analyse von Elastin. Wir arbeiten daran, unsere Standards stetig zu steigern und diese den sich ändernden Anforderungen unserer Kunden anzupassen. Klar, eindeutig und kontrolliert.

Jakość składników

W Nutraceuticals kładziemy nacisk na dostarczanie naszym klientom składników najwyższej jakości. Rozumiemy, że fundamentem doskonałego produktu jest jakość jego składników. Dlatego idziemy o krok dalej, aby zapewnić naszym klientom tylko to, co najlepsze.

Nasze silne relacje z producentami i globalnymi dostawcami są kluczowe dla naszego sukcesu. Pochodzenie naszych składników odgrywa kluczową rolę w efektywności końcowych produktów. Dlatego nawiązujemy trwałe partnerstwa z tymi, którzy dzielają nasze zaangażowanie w jakość i zrównoważony rozwój. Współpracując z nimi, zapewniamy, że nasze składniki spełniają najwyższe standardy.

Nasze kontakty sięgają dalej niż pola uprawne, obejmując producentów, którzy dzielą naszą pasję. Współpracujemy z nimi, aby przekształcić surowce w ekstrakty i proszki najwyższej jakości, dzięki którym nasze nutraceutyki wyróżniają się na rynku. Te partnerstwa gwarantują nie tylko produkty najwyższej jakości, ale także przyczyniają się do dobrobytu społeczności, z którymi współpracujemy. Dzięki globalnej sieci możemy dostarczać różnorodne składniki dostosowane do Twoich unikalnych potrzeb. Poprzez wzgląd na dobro naszego ekosystemu przyczyniamy się do zdrowszego środowiska dla przyszłych pokoleń.

Odwiedź naszą stronę internetową, aby dowiedzieć się, w jaki sposób zapewniamy, że nasi klienci otrzymują najlepsze składniki.

Testowanie

Odkryj Złoty Standard w Zapewnianiu Jakości Nutraceutyków: Jesteśmy na szczycie doskonałości, gdzie jakość odgrywa główną rolę! Nie tylko spełniamy standardy; jeśli trzeba, definiujemy je na nowo. Pozwól nam pokazać, jak dbamy o Twoje bezpieczeństwo i oferujemy niezrównaną jakość w każdym składniku:

Rygorystyczne Pozyskiwanie Składników

Za każdą dopracowaną formułą kryje się lista topowych składników. Nasz oddany zespół wybiera tylko najwyższej jakości surowce, spełniające rygorystyczne kryteria czystości, zawartości składników odżywczych oraz wpływu na ekosystem. Współpracujemy z zaufanymi producentami, którzy dzielą się naszym zaangażowaniem, zapewniając, że każdy składnik spełnia, a nawet przewyższa standardy rynkowe.

Rygorystyczne Testy Wewnętrzne

Gdy składniki trafiają do nas, poddawane są losowym testom. Nasze laboratoria, zgodnie z normami rynkowymi, są w pełni wyposażone do przeprowadzenia kompleksowych analiz. Od FTIR po analizę higroskopijności, każdy etap jest szczegółowo sprawdzany, aby zagwarantować, że to, co jest na etykiecie, to dokładnie to, co otrzymujesz.

Gwarancja Czystości poprzez Testy w Laboratoriach Zewnętrznych

Dla podkreślenia przejrzystości i wiarygodności współpracujemy z niezależnymi laboratoriami zewnętrznymi. Te instytucje prowadzą dla nas dodatkowe badania laboratoryjne, zapewniając, że nasi klienci mają pełne zaufanie do bezpieczeństwa i czystości naszych produktów.

Zaawansowany Program Testowy

W naszym laboratorium oraz niezależnych laboratoriach zewnętrznych wykonujemy dokładną ocenę ryzyka i regularne analizy naszych produktów, obejmujące:

- Badanie metali ciężkich
- Badanie alergenów
- FTIR
- Straty w procesie suszenia
- Gęstość objętościową
- Kolorymetrię

Dokumentacja

Przejrzystość to klucz, a my dajemy Ci dostęp do naszego portalu klienta z pełną dokumentacją. Z naszą pomocą możesz znaleźć tam:

Oświadczenia:

- Zawartości dioksyn
- Pozostałości rozpuszczalników
- O pestycydach
