LICORICE

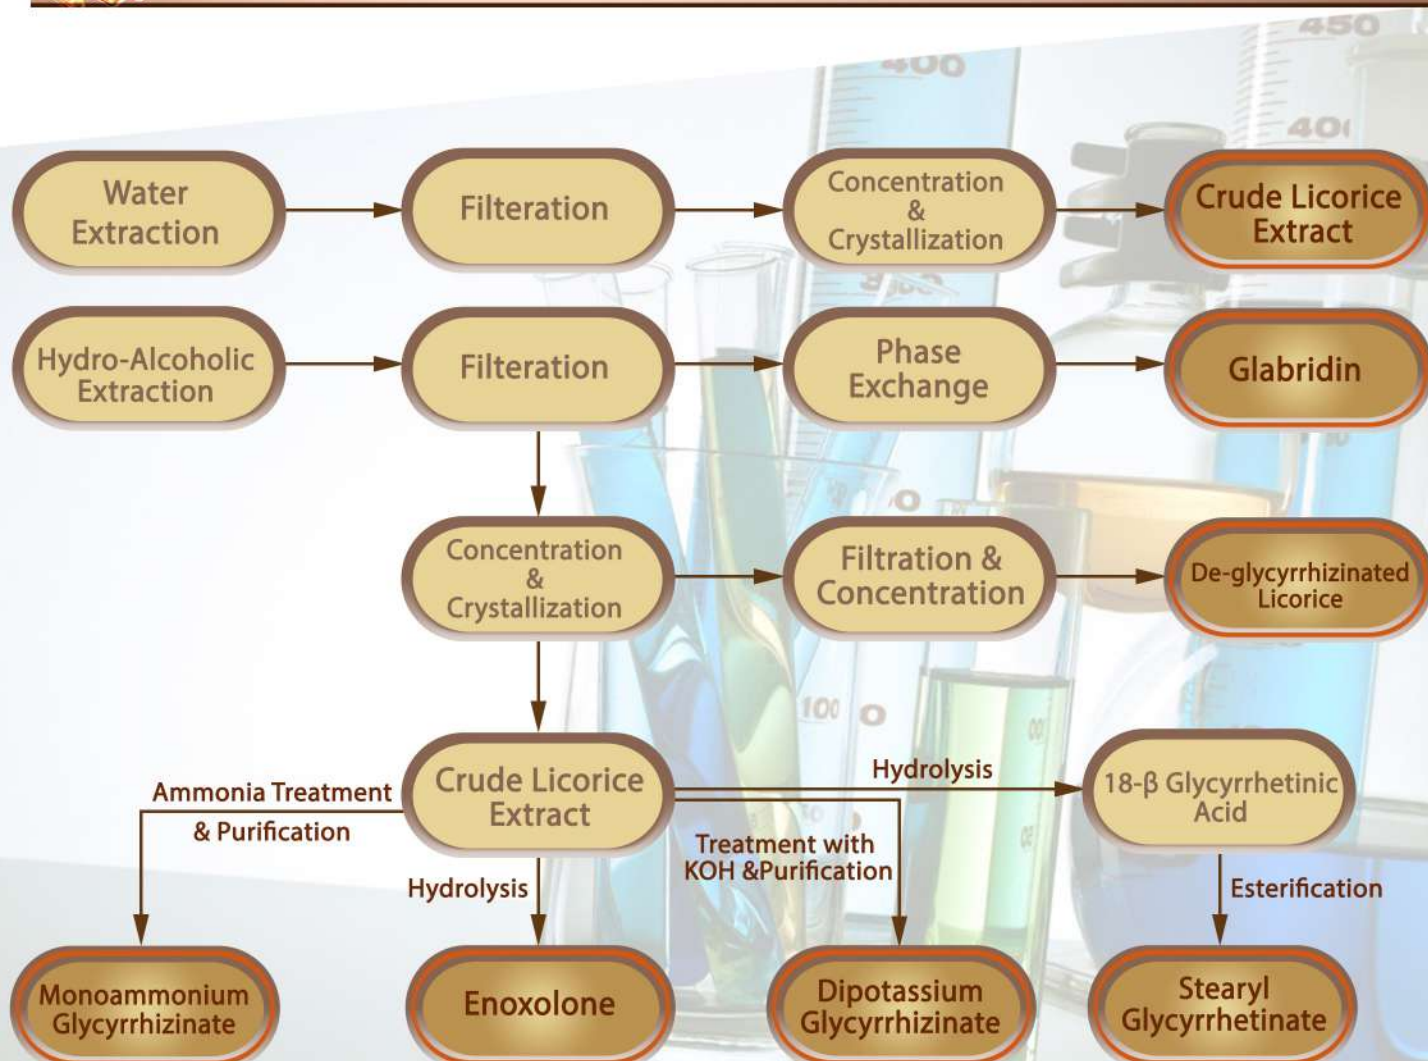

Active Constituent from House of SUNPURE

Types of industries using LICORICE and its derivatives

Extraction of natural substances of LICORICE at different stages

Licorice Extract Block/Powder/Liquid

Botanical Name	Glycyrrhiza glabra
CAS No.	68916-91-6

Action

■ Pharmacological:

Anti-inflammatory, Anti-irritant

■ Cosmetic/Personal Care:

Increase skin elasticity, penetration enhancer, moisturizing and hydration, anti-inflammatory, antioxidant, calms visible irritation

■ Organoleptic:

Eliminate aftertaste, enhance and extend sweetness, enhance flavors, enhance mouthfeel

Applications

- Food
- Beverages
- Nutraceuticals
- Pharmaceuticals
- Personal Care
- Cosmetics
- Oral Health Products
- Skin Protection
- Animal & Pet Products

Ammonium Glycyrrhizinate (MAG)

Botanical Name	Glycyrrhiza glabra
CAS No.	53956-04-0

Action

■ Pharmacological:

Anti-inflammatory, Anti-allergic, Anti-bacterial, Anti-viral

■ Cosmetic/Personal Care:

Increase skin elasticity, penetration enhancer, moisturizing and hydration, anti-inflammatory, antioxidant, calms visible irritation

■ Organoleptic:

Eliminate aftertaste, enhance and extend sweetness, enhance flavors, enhance mouthfeel

Applications

- Food
- Beverages
- Nutraceuticals
- Pharmaceuticals
- Personal Care
- Cosmetics
- Oral Health Products
- Skin Protection
- Animal & Pet Products

Stearyl Glycyrrhetinate

Botanical Name	Glycyrrhiza glabra
CAS No.	13832-70-7

Action

■ Pharmacological:

Anti-irritant, Anti-stinging

■ Cosmetic/Personal Care:

Increase skin elasticity, penetration enhancer, moisturizing and hydration, anti-inflammatory, antioxidant, calms visible irritation

Applications

- Personal Care Products
- Cosmetics
- Skin Protection

Glabridin

Botanical Name	Glycyrrhiza glabra
CAS No.	59870-68-7

Action

■ Cosmetic/Personal Care:

Skin Whitening, Anti-inflammatory, Anti-oxidant, Spot removing UV absorption

Applications

- Personal Care Products
- Cosmetics
- Skin Protection

De-Glycyrrhizinated Licorice

Botanical Name	Glycyrrhiza glabra
CAS No.	1405-86-3

Action

■ Pharmacological:

Anti-inflammatory, Antacid, used to relieve heartburn, indigestion and GERD

■ Cosmetic/Personal Care:

Increase skin elasticity, penetration enhancer, moisturizing and hydration, anti-inflammatory, antioxidant, calms visible irritation

■ Organoleptic:

Enhance and extend sweetness, enhance flavors, enhance mouthfeel

Applications

- Cosmetics
- Beverages
- Nutraceuticals
- Pharmaceuticals
- Personal Care
- Food & Confectionery
- Oral Health Products
- Skin Protection

Enoxolone (EP)

Botanical Name	Glycyrrhiza glabra
CAS No.	471-53-4

Action

■ Pharmacological:

Anti-inflammatory, Anti-irritant, Anti-allergic, Anti-viral

■ Cosmetic/Personal Care:

Increase skin elasticity, penetration enhancer, moisturizing and hydration, anti-inflammatory, antioxidant, calms visible irritation

Applications

- Personal Care Products
- Cosmetics
- Skin Protection

Dipotassium Glycyrrhizinate

Botanical Name	Glycyrrhiza glabra
CAS No.	68797-35-3

Action

■ Pharmacological:

Anti-inflammatory, Anti-allergic, Anti-bacterial, Anti-viral, Anti-irritant

■ Cosmetic/Personal Care:

Increase skin elasticity, penetration enhancer, moisturizing and hydration, anti-inflammatory, antioxidant, calms visible irritation

■ Organoleptic:

Eliminate aftertaste, enhance and extend sweetness, enhance flavors, enhance mouthfeel

Applications

- Food
- Beverages
- Nutraceuticals
- Pharmaceuticals
- Personal Care
- Cosmetics
- Oral Health Products
- Skin Protection
- Animal & Pet Products

Sunpure Extracts Pvt Ltd, has evolved a frontrunner in botanical extracts and nutraceutical ingredients in India & global platform with a cutting-edge cGMP Manufacturing Plant and Sunpure Research & Incubation Centre (SRIC) spread in pristine pollution-free environments, A team of dedicated scientists and professionals manage the operations and research & development.
