

Why Choose Indo Agri Industries?

Indo Agri Industries is more than just a supplier; we are a partner committed to excellence in every product we deliver. Here are a few reasons why businesses and consumers worldwide trust us for their Psyllium and agricultural needs:

Uncompromised Quality

Each product undergoes stringent quality control, to ensure the highest purity and consistency.

Sustainable Sourcing

We collaborate with local farmers who prioritise eco-friendly practices, to promote a healthier planet.

Commitment to Health

We believe in the power of natural remedies and focus on products that support health and wellness.

Building Healthier Lives, Together

Organic, Sustainable,
and Globally Trusted Premium
Organic Isabgol & Psyllium Husk

About Us

Indo Agri Industries is a trusted leader in the manufacturing and export of premium-quality Psyllium husk (Isabgol), and Psyllium seed powder. We specialise in providing natural, fibre-rich Psyllium products that meet the highest standards of purity and quality. Our products are manufactured using sustainable practices, ensuring they retain their beneficial properties. We are proudly serving a variety of industries, including food, pharmaceuticals, and wellness.

Our Vision

To be a global leader in delivering pure, natural, and sustainable agricultural products, to promote health and wellness worldwide through uncompromised quality.

Our Mission

To provide the finest quality Psyllium products, using sustainable practices, advanced processing, and stringent quality control, while fostering long-term partnerships with our clients based on trust and integrity.

Premium Psyllium Seed

Psyllium Seed Powder by Indo Agri Industries is derived from carefully selected psyllium seeds. Our powder is processed with the highest quality standards to maintain purity and potency. Known for its exceptional health benefits, Psyllium Seed Powder has become a popular choice for those seeking a natural way to support digestion and wellness.

Product Features

High Purity:

Our Psyllium Seed Powder is 99% pure, to ensure minimal contamination and high-quality results.

Lab-Tested:

Each batch undergoes strict quality checks to ensure consistency and safety.

Easy to Use:

The fine powder mixes easily with water or other liquids, making it convenient for daily use.

Vegan and Gluten-Free:

Suitable for those following a vegan or gluten-free lifestyle.

Psyllium Husk (Isabgol)

Psyllium Husk, also known as Isabgol, is a natural, plant-based source of soluble fibre derived from Plantago Ovata seeds. Psyllium husk is known for its exceptional ability to absorb water. It forms a gel-like substance that promotes digestion and supports overall health. At Indo Agri Industries, we offer pure, premium-quality psyllium husk, sourced from organically grown psyllium seeds to ensure the highest standards of purity and effectiveness.

Applications of Indo Agri Psyllium Husk (Isabgol)

Dietary Supplements:

Used as a fibre supplement to promote regularity and support weight management.

Food Products:

Added to baked goods, smoothies, and gluten-free recipes as a natural thickener and binder.

Pharmaceuticals:

Widely used in digestive health formulations to relieve constipation and improve gut health.

Animal Feed:

Incorporated into pet food to aid in digestion and maintain gut health in animals.

Cosmetic and Personal Care:

Used as a thickening agent in skincare products, to give natural, plant-based consistency.

About Us

Indo Agri Industries is a trusted in the manufacturing and export of premium-quality Psyllium husk (Isabgol), and Psyllium seed powder. We specialise in providing natural, fibre-rich Psyllium products that meet the highest standards of purity and quality. Our products are manufactured using sustainable practices, ensuring they retain their beneficial properties.
